

Learning Project Week beginning 15.6.2020

Year Group: Year 6

Daily tasks

Reading:

- Read the poem [Cosmic Disco](#) – What is the main idea of the poem? Can you find any space related words? Draw illustrations to represent the words
- 20th June is The Summer Solstice. What can you research and find out about it? Create a true or false quiz that you could ask someone to answer.
- Read your book each day or if you need a new one, visit [Oxford Owl](#) and take a look at their e-library
- Why not join the [summer reading challenge](#) click on the link to sign up.

Maths:

- Play on TT Rockstars – Can they improve their score by the end of the week?
- Log in to Mathletics and complete your tasks for this week. If you need your log in email: year6@uplandsmanor.sandwell.sch.uk

Spelling:

- Each day, choose 5 words from the Year 5 & 6 spelling list that are tricky. Practice spelling them in different ways. Have a look at the Spelling Menu for ideas
- Practice the words using [Spelling Frame](#)

Handwriting:

- Choose how you wish to present the information you found out about The Summer Solstice. Focus on the presentation of the text. Email it to year6@uplandsmanor.sandwell.sch.uk or take a photo and upload it to @UplandsManor on Twitter or send it to UplandsManor Facebook page.

Weekly Maths Tasks

Maths

This week's maths topic is AREA & PERIMETER

- Think about what you already know about area and perimeter. Can you write down what you need to do to find them?
- Maybe you could create a poster or your own help video for others. If you can't remember have a look at the videos on the website to help you.
- Try and complete the tasks to find the area and perimeter.
- Try the [interactive quizzes](#) about area and perimeter
- Have a go at the reasoning questions linked to area and perimeter.
- Try the [challenges](#) about area and perimeter
- Develop these skills on Skills ladder and Mathletics

Weekly Reading and Writing Tasks

Writing

- Use the English planning to create your own imaginative piece of writing
- 'I looked through the door and I saw...'
- Thought shower vocabulary and use your senses on what you find at the other side of your door
- Create an imaginative piece of writing
- Using your artistic skills – create a piece of art to match what you find

Reading

- The story of Lyra continues in His Dark Materials.
- Remember when you are answering each question use your inference skills to help explain your answers.

Learning Project to be done throughout the week

World Music Day (La Fete de la musique) 21st June 2020

What can you find out about the history of World Music day? Have a look at the facts about Hip Hop. Click the google picture to find out more about Hip Hop. Press play to have a go using the turntable with a range of classic Hip Hop songs. Was it easy to mix the 2 tracks together? Which tracks did you use? Maybe share a video of you mixing them with @MrWuplandsmusic

Or... You could try your hand at a traditional West African instrument – The Mbira by clicking this google picture and pressing play

Happy Birthday Queen Elizabeth II

June 13th was the Queen's official birthday. Yes, she has TWO birthdays! What do you already know about the Queen and her family? What else can you find out? Complete some research and present it in whatever way you would like to: a leaflet, a non-chronological report, a video fact file... the choice is yours. There is some information on [Espresso](#) to help get you started.

Discovery Education User: student38933 Password: uplands

Online Safety

There are lots of activities in [Year 6 Online Safety](#) section to complete. Take a look at the Online Safety activity 6 which looks at sharing videos and photos safely. Activity 7 will be here from Tuesday 16th June.

Science

Adaptation

Last week you learnt about INHERITANCE and what you inherited from your family. This week it is about ADAPTATION. What does adaptation mean? What is an environment and a habitat? Can you name any habitats? Your task is to look at how some living things have adapted to the habitat they live in.

If the Earth's climate got colder, what features might humans develop to help them adapt?

Click for [videos](#) that might help you – use your Discovery Education password to see them.

Geography

Settlements & Migration

Have a look at the images and graphs on the worksheet and answer the questions. This week it is all about Settlements and Migration. Why do people settle in certain parts of the World? What is Migration? Why does it happen?

Transition activities

It is coming up to the time that you are thinking about moving to your High School and starting Year 7. That can be a bit scary for a lot of us. This week there are more activities on the Home Learning page to help you prepare for this. Work through the activities and remember if you have any worries you can contact your teacher year6@uplandsmanor.sandwell.sch.uk

PLEASE CONTINUE TO UPLOAD ANY EXAMPLES OF ANY WORK YOUR TEACHERS WOULD LOVE TO SEE!

[@UplandsManor](#)

Additional learning resources parents may wish to engage with

[BBC Bitesize](#) – Daily lessons for children to complete online focusing on a different subject each day.

[Discovery Education](#) You will need to use the password to access this. There are lots of videos and pictures as well as activities you can use.

[Home Learning Packs](#) – A range of home learning activities were sent home with your child on the day the school closed. Please have a go at completing the activities in the pack too. [Twinkl](#) – to access these resources click on the link and sign up using your own email address and creating your own password. Use the offer code UKTWINKLHELPS.
