

Scenarios

What could you do in each of these situations?

1. You have got a detention at school. How are you going to explain this to your parents?
2. Explain to your parents about the after-school clubs that take place at your school. Which ones do you want to take part in?
3. You return back to school, but you have to socially distance from your classmates. How is this going to work? How are you going to abide by these rules?
4. Your parents want to know how you are going to get to school safely. Explain your route to them and also your back-up plan. When will you arrive and return from school? How will you let your family know that you are safe? Use the routes that you created this week to help you!
