Learning Project to be done throughout the week

Geography

In geography our new topic is all about India this term. The PowerPoint provides you with information about India e.g. where it is located on a map. Work through the PowerPoint with your child.

Task 1: Locate and label India on a map.

Task 2: Read through the statements about India. Are they true or false?

DT

This week we get to **design** our very own FRUIT SALAD! Go through the PowerPoint where you can name and find out where different fruit comes from. There is also a video to watch: <https://www.youtube.com/watch?v=iRu1Yp2br00>

TASK! Draw the fruit you have chosen to include in your fruit salad. Why have you chosen this fruit? What does it look like?

Science

Children this week will learn about trees and their leaves. We will focus on six different trees: elm, oak, ash, horse chestnut, maple, birch. The powerpoint will have pictures of these trees and their leaves. Discuss the key words that are in bold, e.g. deciduous. Encourage your child to describe the leaves and their veins.

Watch this video to begin the lesson:

TASK! Read the name of the tree and draw the correct leaf.

P.E.

Go onto Cosmic yoga website (www.cosmickids.com/category/watch/) and do a routine. You could do 1 routine every day if you like. Have fun and get other people in your family to join in.
