Mathematics	61%	69%	19%	104		73%	24%	104
Combined	43%	53%	5%	N/A		61%	8%	N/A

Y6 SATS appeal - Andrew appealed 8 KS2 test paper marking results this year (1 x maths and 7 x reading papers).

2 x reading when remarked got an extra mark taken off. However, this did not affect their overall result as they still did not get ARE.

2 x reading got an extra mark which did make a difference because A then got greater depth in reading and S then got ARE so this will affect our results overall. The others were marked accurately so no change

*SEND Unit for children with SLD and complex needs*
