

Year 2

## Home Learning Project

- Can you find out the names of the continents and oceans? Use technology to find out about the continent of Antarctica. Where is it? What are the lowest recorded temperatures.
- Create a poster advertising a trip to Antarctica. Use your research to include facts about this continent!
- Can you find out about the wildlife that live in Antarctica? Which animals live there? How do they survive the cold?

This half term's projects focus on:

## A Voyage to Antarctica

Books to read: and websites to visit...

Introducing Antarctica by Anita Ganeri

<https://www.kids-world-travel-guide.com/antarctica-facts.html>

<https://www.sciencekids.co.nz/sciencefacts/earth/antarctica.html>

- What would it be like to live in the Antarctic?
- Use your knowledge of materials to design a shelter to help you survive for a week in Antarctica. Which materials would you choose? Why?
- What else would you take with you to help you survive in Antarctica?
