

Year 1 Home Learning Project - 'Seasons and Senses'

This half term, we are journeying through the four seasons and the five human senses. Here are some activity ideas for you to complete at home...

- **Harvest.** Think about the Autumn Harvest Festival. What might you cook at home, using fruit and/or vegetables? Can you write some instructions for how you made it? How did it smell/taste?

- **Autumn walk.** Enjoy a 'senses stroll', thinking about what you can hear, see, feel and smell. Can you draw a picture of the things you found? Can you write some sentences, remembering your capital letters, finger spaces and full stops?

- **Leaf rubbings.** How many different coloured leaves can you collect? Using some plain paper and wax crayons/pastels, make some leaf rubbings. Can you create a pattern by making rubbings of small leaves in sequence?

- **Weather diary.** Keep a seven-day weather diary. Can you draw and label the weather for each day? Which was the most/least frequent weather type?

- **Four trees.** Draw/paint/collage a tree for each of the four seasons. Can you write a sentence describing each tree?

- **DIY musical instrument.** Design and create a musical instrument using boxes and elastic bands or cardboard tubes and rice/pasta.

- **Blindfold test.** Complete a blindfolded taste/smell/touch test. How many different adjectives can you use to describe what you tasted/felt/smelt? Which was your favourite/least favourite? Why?

- **Signs of the seasons.** Create a poster for each of the four seasons, including drawings and labels showing the signs of each season.

- **Favourite things.** Ask your family and friends about their favourite things to eat/smell/listen to. Can you draw the results?

- **Seasonal outfits.** Draw and label an outfit, suitable for each season. Can you write some 'I would wear...' sentences?

PLEASE PRACTISE...

- Writing your numbers 0-20 correctly.
- Forming your lower case letters correctly.
- Reciting and spelling the seven days of the week correctly.

Please share everything you make or do, as part of the Seasons and Senses project, with the Year 1 team on Twitter –
