## Learning Project to be done throughout the week

### Geography – London

**Task 1** Read the poem the Magic London Bus and use it to complete the second activity.

**Task 2** Trace the journey of the magic bus using the map of London landmarks?

**Task 3** Use Google Earth to look up one of the London landmarks to see what they actually look like. Can you follow the journey of the magic bus through the streets of London using Google Earth?

### PSHE:

Changes. As you will be going into Year 3 in September, there will be many changes. This task focuses on the changes you might experience and what goals you can set for when you go into Year 3

### Computing:

Can you live without technology? This lesson focuses on how technology changes our lives. You have to complete a quiz based on the technology you might use in and out of school.

### Science

As we have covered most areas of the Science curriculum, we have decided to upload 2 end of unit tests each week (with answers). These will focus on 1 Science unit (eg plants) and test key knowledge. Test 1 is a mid-topic test and test 2 is an end of topic test so will naturally be more difficult.

### Additional Reading/Handwriting

We'd like you to spend any additional time this week on practising your handwriting or enjoying reading one of your books at home. Handwriting wise, you could copy a page of a text or write a section of your report up in your neatest handwriting. By now, all children should be forming their letters correctly and each letter should be the correct size. Some children will have started to write cursively and start joining some of their letters.

## Additional learning resources parents may wish to engage with

[Espresso](#) - a useful resource filled with interactive games and videos for all subjects. Log in details on school website under Home Learning/Year 2/ Year 2 links

[Oxford Owl Phonics](#)- additional phonics support

[White Rose Maths](#) - maths tool

[TT Rockstars and Numbots](#) - access to numbots

[Twinkl](#) - to access these resources click on the link and sign up using your own email address and creating your own password. Use the offer code UKTWINKLHELPS.
