

**Year 2**

## **Home Learning Project**

**This half term's projects focus on:**

### **The Titanic**

#### **Books to read: and websites to visit...**

*The story of the Titanic for children*

*The Titanic Detective Agency—Lindsay Littleton*

<https://www.natgeokids.com/uk/discover/history/general->

- Use technology to research the Titanic. Where was it going? Where did it set sail from? How many rooms did it have? How many lifeboats did it have? You could type up your findings on a tablet or laptop.
- Create a poster advertising a trip on the Titanic! Use your research to include facts about the magnificent ship!
- Sketch a picture of the Titanic. You could then label different parts of the ship.

- Imagine that you are on-board the Titanic and you have just heard a loud bang. Can you write an adventure story about what might happen next?
- The crew on board the Titanic used 'morse code' to talk to other ships and ask for help. Practise sending help messages or messages to your family using morse code. Here are 2 websites to help you.
